CAREER TIPS

Meteorologists study and forecast weather patterns and atmospheric conditions to provide accurate and timely information for various purposes.

Eligibility criteria:

A bachelor's degree in meteorology or a related field is the minimum requirement needed to become a Meteorologist in India. Eligibility criteria for different meteorology courses are as follows.

- For diploma courses in meteorology, a minimum of a class 10 degree is required.
- For a bachelor's degree in meteorology, candidates are required to clear class 12.
- Candidates must have a bachelor's degree in a related discipline if they wish to pursue a master's degree in meteorology.
- Candidates also have the option to pursue a PhD or MPhil after completing the master's degree.

Steps to Become a Meteorologist

- The first step is to pursue a bachelor's degree in meteorology or a related discipline.
- Candidates targeting top colleges have to qualify for an entrance exam.
- A master's degree in meteorology is advisable as it will provide candidates with better career prospects.
- Candidates should seek opportunities to gain practical experience through internships at recognised meteorological institutes. Candidates can develop relevant skills in different aspects of meteorology.
- After completing their education and gaining knowledge and skills, candidates can start looking for job opportunities. They have to start with entry-level positions and gradually advance to higher positions.

Meteorology Courses

There are many courses that students can pursue to become a Meteorologist. Diploma, BSc, BTech, MSc and MTech in meteorology and related disciplines are some of the top courses available. The details for the most popular courses are mentioned in the following table.

Parameters	BSc Meteorology	BTech Atmospheric Sciences	MSc Meteorology
Eligibility	Class 12	Class 12	Bachelor's degree in related discipline
Entrance Exams	AIEEE, BVP CET, IIT JEE	JEE, WBJEE, VITEEE, SRMJEE	CUET PG, BITSAT, NEST, IIT JAM, DUET
Top Colleges	Shivaji University, Cochin University of Science and Technology, Atal Bihari Vajpayee Hindi Vishwavidyala	IIT Delhi, Cochin University of Science and Technology	Atal Bihari Vajpayee Hindi Vishwavidyala, AU, Tamil Nadu Agricultural University, Shivaji University

	ya		
Course Fees	INR 1 L	INR 1 - 4 L	INR 5,000 - 24 L
Average Salary(INR)	INR 4 LPA	INR 3 - 8 LPA	INR 2 - 18 LPA
Top Recruiters	ISRO, DRDO, Indian Institute of Tropical Meteorology, IMD	IMD, Council for Scientific and Industrial Research, National Aerospace Laboratory, INCOIS Hyderabad, CDAC, TCS, TERI, Siemens, Intel	ISRO, DRDO, Indian Institute of Tropical Meteorology, IMD

Entrance Exams

Candidates are required to clear entrance exams if they wish to pursue education in meteorology from some of the top colleges in India. The most common exams meteorology aspirants seek include JEE, DUET, GATE, AIEEE and IIT JAM.

Top Meteorology Colleges

Name of the Colleges	Location
IITM	Pune
Shivaji University	Kolhapur
Andhra University	Visakhapatnam
Cochin University of Science and Technology	Kochi
Tamil Nadu Agricultural University	Coimbatore

Skills Required to Become a Meteorologist

Some of the top skills that a Meteorologist should have are tabulated below.

Analytical skills	Mathematics and statistical skills	Knowledge of Atmospheric Science
Computer and Technical skills	Attention to Detail	Communication skills
Problem-solving abilities	Decision making	Continuous Learning

Benefits of Becoming a Meteorologist

- **Contributing to Society** - Meteorologists contribute to public safety by providing accurate weather predictions and forecasting severe weather events.
- **Dynamic Career** - The work of Meteorologists is intellectually stimulating and offers the chance to solve complex problems related to different aspects of weather.
- **Research and Innovation** - Meteorologist work on developing and improving forecasting models, remote sensing techniques and data analysis contributing to advancements in weather and climate science.
- **Global Opportunities** - Meteorologists can collaborate with international organizations providing opportunities for global research and cross-cultural experience.
- **Job Stability** - The demand for skilled Meteorologists remains relatively stable as several organisations and industries rely on accurate weather information for decision-making.

Designations	Average Annual Salary (INR)
Atmospheric Scientist	7 L
Climatologist	12 L
Weather Forecaster	14 L
Weather Analyst	3.8 L
Environmental Scientist	3.3 L
Climate Change Analyst	16 L
Remote Sensing Scientist	10 L
Air Quality Specialist	2.4 L
