Career Information:

Design- A career for creative minds

Design is a career suitable for those who want to use their creativity to the fullest and have an orientation towards exploring and experimenting. Design is everywhere around us. No physical product or structure can be properly made without having thought of its design. This we can find by looking at mobile phones, furniture, books, clothing, buildings etc.

Design carries a broad concept and its meaning may vary from one field to another. As a matter of fact, design doesn't only focus on aesthetics or making things look glamorous. Its main focus is making the users interaction and experience with product, service.

Various disciplines of Design:

Product Design: It works on products specifications to make it match with clients and users requirements.

Fashion Design: They study fashion trends to meet the demand and in many

Footwear Design: A footwear designer develops designs for different types of footwear,

researching design ideas, understanding different materials and their usage, analyzing customer's requirement.

Textile Design: Textile designing is a creative process by which different kinds of clothing is prepared by methods of weaving threads or yarns and also by using dyeing, embroidery and printing method.

Graphic Design: A book cover and how the pages of a book look is one of the examples of graphic design.

Interior Design: Choice of colors, furnishing, spacing inside a house, building, office, hotel etc.

Landscape Design: Landscape architecture designs parks, outdoor spaces of campuses, private homes and other open spaces, playgrounds, gardens, industrial centers and waterfront developments.

Ceramic Design: Ceramic covers a variety of materials like porcelain and terracotta and has been one of the most ancient industries on earth. Ceramic items are created from clay mixed with water, shaped and fired at high temperatures.

Industrial Design: Creating and developing improved machinery to bring efficiency in industrial set ups is covered under this discipline of designing. Designing of home appliances like washing machine, refrigerators etc. is part of this discipline of design.

Premier Institutes for Design Education:

Following are the prestigious institutes offering design courses in our country.

National Institute of Design: Situated at Ahmedabad this institute was established to pioneer design education in the country, and has also a global reputation. New centers of NID have been established at Gandhinagar in Gujarat, Bhopal in Madhya Pradesh, Kurukshetra in Haryana, Jorhat in Assam and Vijayawada in Andhra Pradesh.

Courses available at NID include undergraduate and Master's programmes in Animation and Film Design, Ceramic and glass design, Graphic and product design, Furniture and Interior design, Toy and game design, photography design.

Footwear Design Development Institute: The first FDDI was established in Noida. Now it has centers in Patna, Kolkata, Jodhpur, Ankleshwar, Guna, Chhindwara, Rohtak, Chandigarh, Chennai and Hyderabad. The following courses are available at FDDI:-

- Bachelor of Design in Leather Goods and Accessories
- Bachelor of Design in Footwear Design and Production
- Bachelor of Design in Fashion Design
- Master of Design in Footwear Design and Production

Indian Institute of Science: IISc, Bangaluru conducts M.Des in in Product Design and Engineering.

CEPT University: CEPT University was established as Centre for Environment Planning & Technology at Ahmedabad in the year 1962. It has many courses related to design such as – Bachelor of Design, Bachelor of Urban Design, Bachelor of Interior Design, etc.

Indian Institute of Information Technology, Design and Manufacturing : Jabalpur based IIITDM conducts B.Tech in Design, Master of Design and Ph.D in Design.

Other institutes are, **Kerala State Institute of Design, Indian Institute of Technology, National Institute of Fashion Technology.**

Entrance examinations for Design courses:

NID Design Aptitude Test: For admission to undergraduate and postgraduate courses at different centers of NID.

Undergraduate Common Entrance Examination for Design (UCEED) and Common Entrance Examination for Design (CEED) for Post Graduate and Ph.D courses at different IITs.

NIFT Admission Test: for admission to undergraduate and postgraduate courses at different centers of NIFT.

Where to look for a career in Design: Designers are required in different business and industries such as textile, plastics, footwear, hardware, and software, furniture, consumer durables, packaging, transport, automobile etc.

Few local and global companies which have recruited designers in past few years are listed below to give an idea of where one may look for a design career:
