Career Information:

Forest Management as Career:

Forest Management is a branch of forestry and is a process in which forests are tended, harvested and regenerated with overall administration that includes legal, economic and social aspects.

How to pursue a career in Forest Management: Many colleges and Universities in the country offer undergraduate and postgraduate courses in forestry by way of B.Sc (Forestry) and M.Sc. (Forestry) respectively. A student must have passed Higher Secondary in Science stream with Physics, Chemistry and Biology (PCB) as compulsory subjects. This makes you eligible to apply for B.Sc in Forestry. For a master's degree in forestry, graduates in Science with subjects of Physics, Chemistry and Biology or Agriculture/Horticulture/Forestry are considered eligible. The specializations offered here are Forest Management, Forest Products, Wildlife Science, Forest Economics, Commercial Forestry, Agro Forestry to name a few. You can further study and apply for M.Phil/Ph.D in this field to become a scholar and open more doors for oneself.

Indian Institute of Forest Management (IIFM) at Bhopal is a very well known for its Postgraduate Diploma in Forest Management equivalent to MBA.

It has also launched Postgraduate diploma in Sustainability Management. The institute is recognized as research centre for pursuing doctoral research of the forest research institute, Dehradun.

There are certain certification and diploma courses which one can do. These are certificate course in Wildlife Management, Diploma in Zoo and Wild animals health cure management or Post Graduate Diploma in Forest Management.

Career Opportunities in Forest Management: Some of the popular sectors are, 1. Conservation 2. Safety and Enforcement, 3. Earth Science, 4. Transportation, Infrastructure, supply chain & logistics, 5. Education, 6. Law & Policy, 7. Manufacturing.

Plethora of career opportunities is available in public as well as in private sector. The public sector jobs include work in : Zoological parks, Wildlife ranges, corporate having their own plantations for timbering, wildlife research institutes, Indian council of Forestry Research and Education (ICFRE) and its affiliated institutes, wildlife departments, Forest department, National Parks and sanctuaries, Forest Nurseries.

Those holding bachelor's degree in forestry can apply for the Central Government through the Indian Forest Service (IFS) examination conducted by the Union Public Service Commission (UPSC). Apart from IFS, other sectors where forest experts are employed include the paper and pulp industry, the plantation industry, companies engaged in manufacturing forest products, silviculture, social forestry, wasteland development, environment sector etc. Fresh forest managers can look forward to good placements in International Organizations like International Institute for Conservation of Nature and natural Resources, WWF, JBIC and agencies engaged in bilateral projects hire consultants and advisors for candidates with talent and grassroot experience.

Job profiles in forestry are as follows: Forester, Forest Range Officer, Forestry Technicians, Forest Officer, Forest Professionals, Natural Resource Technician, Operation Forester, Senior Forestry Consultant, Foresters Silviculturist, Sales/Business Development Officer, Auditor-Forestry, Academics: For academic career you may join an agricultural university/college where forestry and related subjects are taught. Research: There is ample scope of research in various disciplines of forestry. Research can be pursued at universities, forestry institutes and specialized research agencies established by government bodies. Research can be followed after post graduation in forestry and allied subjects.

The Universities/Colleges that offers in India are:

- Indian Institute of Forest Management, Bhopal
- Forest Research Institute University, Dehradun
- Dr. Yashwant Singh Parmar University of Horticulture & Forestry, HP
- Wildlife Institute of India, Dehradun
- Dr. B. R. Ambedkar University, UP
